- Perfect for installations on larger boats, especially if an ordinary marine antenna mount is already installed
- Glossy UltraGlass and stainless steel ferrules enhance the appearance and strength of the antenna
- Outstanding electrical performance
- The colinear design enables contact with more distant stations
- UltraGlass stands up to high UV and harsh marine environments for years
- The FastFit jack (P1212) makes installation easy, and guarantees the electrical connection
- A FastFit UHF plug (P1217) is supplied with the P6051, and simply screws onto the FastFit jack
